AMERICAN HOME INSPECTORS TRAINING

Since 1993, American Home Inspectors Training, the largest home inspection training company in North America, has provided industry-leading live classroom and online home inspection training, certifications, continuing education, and professional development courses. Our live classroom training includes valuable hands-on field training and our online course options offer flexibility for your schedule. We are committed to providing you the most effective way to achieve success in the home inspection industry.

MISSION

Our mission is to train and provide ongoing support to individuals interested in starting their own successful home inspection business or becoming a significant contributor in an established home inspection company.

Our best-in-class, comprehensive home inspection training, coupled with our marketing and technical support services, will set you up for success in your new home inspection career.

WHAT A HOME INSPECTOR DOES

The job of a home inspector is to inspect buildings by walking through each area, sometimes crawling into small spaces such as attics, checking rooftops, and cellars, plumbing, electricity and appliances. Then they write a detailed report outlining the condition of the property, areas where repair or replacement may be needed, and specify any potential safety concerns.

Anyone can train to become a home inspector although typically prospective students are already involved in the real estate or construction fields. The physical ability to navigate through a building is required. In general this means that the prospective student should have the physical abilities to do so.

ADMISSION REQUIREMENTS

Admission is open any person meeting the below qualifications. No qualified person may be excluded from enrollment on the basis of race, color, religion, gender, gender identity and/or expression, national origin, disability, marital status, sexual orientation, or military status.

Applicants must meet the following requirements:

1. Be at least 18 years of age.
2. The submission of any required forms (Enrollment Agreements, etc.) as required by state postsecondary regulations.
3. Pay appropriate fees. See REGISTRATION AND TUITION.

Special Accommodations

Students should contact their admission counselor for assistance with requests. People who work as a home inspector must have certain physical abilities to visually inspect buildings and structures, navigate throughout the building including on the roof, the ability to write inspection reports, and communicate with clients.

Language of Training

All Courses are offered only in English. American Home Inspectors Training does not offer English as a Second Language instruction.

Transfer or Granting of Credit

No life experience, credit through challenge exams, or previous training may be applied to any Course.

There is no guarantee that home inspection courses can be transferred to other schools. It is the student's responsibility to confirm whether credits will be accepted by another institution of the student's choice.

Late Enrollment

There are no provisions for late enrollment.

AMERICAN HOME INSPECTORS TRAINING FACILITIES

American Home Inspectors Training holds training courses at Associated Builders and Contractors, Inc. (ABC) Western Pennsylvania Chapter. The facilities include a training room, lab area, lounge, and restrooms. All Courses are held in designated training areas on pre-scheduled dates.

PENNSYLVANIA REQUIREMENTS FOR HOME INSPECTORS

In some states licensing is required to inspect work as a home inspector. States are increasingly introducing legislation regarding the home inspection industry. Prospective home inspectors therefore need to contact the proper state agencies regarding requirements in their states.

Home inspectors in Pennsylvania do not need to be licensed, but they are governed by statute. Home inspectors are required to be full members in good standing of a national, non-profit home inspection association. According to 68 Pa.C.S. §7502(a)(3), a full member of a national home inspection association “has performed or participated in more than 100 home inspections and has passed a recognized or accredited examination testing knowledge of the proper procedures for conducting a home inspection.” Those who wish to practice in the city of Philadelphia, must submit an application. Information can be found here: <https://business.phila.gov/home-inspector-license/>.

MEMBERSHIPS & AFFILIATIONS

Professionalism is important and membership in related organizations is encouraged. These organizations have their own requirements. Some administer exams; others require a certain amount of experience.

Membership is voluntary in any professional organization and does not mean state certification or licensure nor does it guarantee employment.

American Home Inspectors Training is affiliated with ASHI®, CREIA, FABI, and InterNACHI® and offers approved pre and continuing education courses.

COURSES

Standards

All of our courses are taught per ASHI®, CREIA and state-specific standards of practice. Our students and graduates receive initial support when in the field. An interactive bulletin board is also available to students to communicate with instructors and other students/ inspectors as well

COURSE OFFERINGS

Course offerings vary based upon location. All courses provide graduates with the skills necessary to obtain employment as a home inspector, set up a home inspection company, or add home inspection services to their current offerings. Designed by American Home Inspectors Training’s team of licensed and experienced home inspection instructors, students learn about structures, exteriors, roofing, electrical, plumbing, heating and cooling, interiors, and insulation and ventilation.

All students receive an online user ID and password, books, a sample inspection report, videos and tools – including information on marketing and operating a business. Physical materials are sent in one initial shipment. A toll-free number (800-441-9411, Option 4) allows students to call instructional staff to discuss topics, tests, and projects; to request additional learning information; and to talk about the home inspection field prior to and after class completion.

Students must successfully complete a final examination with at least a score of 75% (80% in South Dakota and 70% in Illinois) to receive a Completion Certificate.

REPORTING: If your course completion is required to be reported to the state, then please allow 2-3 business days for the school to report your completion.

Mandatory Timing Device and Student Inactivity

Some jurisdictions require that a course timer be enabled in online courses. This timer, visible to the student, prevents click-through activity and requires the student to be in the course for the minimum time. Should the student remain inactive for longer than is reasonable without either advancing to the next screen and/or answering the questions which are posed periodically throughout the course, the timer will stop. This prevents students from logging time during an inactive period of the course.

STUDENT IDENTITY VERIFICATION (SIV)

In addition to utilizing a unique username and password to access student profiles and course materials, each student is required to complete an affidavit at the end of the course attesting to his/her identity.

As a way to provide assurance of student identity and that the student receiving credit was the student who performed all of the coursework required, Student Identity Verification (SIV) is implemented on courses where jurisdictions require it.

All online and live courses are non-transferable to another student, company, or school once they have been accessed.

Professional Home Inspection Online Course

120 Hours

The Professional Home Inspection Online Course is offered to students in a home study format. This course provides graduates with the skills necessary to obtain employment as a home inspector, set up a home inspection company or add home inspection services to their current offerings. Designed by AHIT’s team of certified and extensively experienced home inspection instructors, students learn about structures, exteriors, roofing, electrical, plumbing, heating and cooling, interiors, and insulation and ventilation. In addition, students will learn what skills it takes to run a business. Upon completion, students will be able to conduct a thorough home inspection from the first contact with the customer to submitting a completed report.

Students receive an online user ID and password, study book, a sample inspection report, and tools in one initial shipment. Students are given 500 review questions throughout the course. A 100-question final exam at the end of the course must be passed with a minimum score of 75%. Upon successful completion of the course, graduates receive a certificate of completion. A toll-free number allows students to call instructional staff to discuss topics, tests, and projects; to request additional learning information; and to talk about the home inspection field.

Syllabus

Course outlines are accessible in your LMS profile.

Attendance

Attendance in live classes is taken twice daily, during the morning session and again in the afternoon. Students are asked to sign/initial for each class attended. Attendance information is recorded and retained in the class files.

Students are expected to attend all classes within the time the course is scheduled in order to receive a Completion Certificate. Students may request withdrawal and make up the missed classes during the next scheduled course. Paid tuition will be refunded according to the applicable refund policy.

Absence

Students are responsible to attend every hour of each training course. If personal emergencies occur, then students may speak with the instructor to arrange ways to make-up missed sections. Students must satisfactorily complete course requirements in order to graduate and receive a Completion Certificate.

Late Arrival/Early Departure/Make-up Work

Students who are absent due to late arrival or early departure should consult with the instructor to schedule required make-up time.

Late Enrollment

There are no provisions for late enrollment. Online training start is rolling.

Leave of Absence/Withdrawal

Students may request a leave of absence for extenuating circumstances. Arrangements may be made to re-enter the next available course or other upcoming classes. Students must complete the live coursework within 12 months. Students must complete the online training within 12 months. If a student stops attending classes and is placed on a leave of absence in lieu of a withdrawal from school, then the school must document the nature of the leave of absence and the date the leave of absence ends. No leave of absence may exceed six (6) months unless otherwise approved in writing. A student who fails to return to school at the end of a leave of absence shall be formally withdrawn from the school and any refund of tuition and fees shall be issued in accordance with the last date of a student's attendance in class or participation in an academic activity.

If students are unable to complete the course during the schedule session or fail to meet AHIT standards for satisfactory progress or completion, re-enrollment is required. A discounted fee of 50% of the original purchase price will be.

Re-enrollment/Readmission

See "Leave of Absence." Students who have been absent during class make arrangements for another class. A fee may apply.

Grading

Students are graded on a pass/fail system. Those who attend live training must be present for all class time. The expectation is that students will engage fully, ask questions, and where required during field training, complete inspection reports of acceptable quality. If satisfactory progress is not made during class, AHIT reserves the right to require that the student re-enroll. See "Leave of Absence." A fee may apply. For prelicense courses, students must successfully complete a final examination with at least a score of 75% (80% in South Dakota and 70% in Illinois) to receive a Completion Certificate.

Depending on your state's requirements, a Completion Certificate will be available online or issued via U.S. mail within 72 hours of completing all requirements.

¹ In the event of an extension or re-enrollment, it is the responsibility of the student to verify with a school representative that the course approval is still active.

Satisfactory Progress

Students receive feedback about their skills and knowledge based on in-class participation, fieldwork, and completion of reports.

Unsatisfactory Progress

Should a student receive a grade of less than 75% (except for SD, IL) he/she will be notified in writing immediately after the test is taken and graded. He/she will be requested to take the exam at another time. A second exam failure may result in a student needing to retake the course.

Probation

There are no probationary periods because the lengths of the courses are short. Students have the choice to withdraw or re-enroll the next time the course is offered if there is no satisfactory progress. Students should consult with the school regarding their class options.

Completion

Students will receive a Completion Certificate upon satisfactory completion of all course requirements including minimum grades, attendance, and any other requirements.

Records

Student files are retained for the minimum time required by state regulations. Online student files are maintained online in our cloud-based servers, and paper files are held at our corporate office, located at:

*American Home Inspectors Training
18500 W Corporate Drive Suite 250
Brookfield, WI 53045*

Student records may be requested in writing by the student at any time. Student records are confidential. No records will be made available to employers, prospective employers, family members, or other schools unless a written request has been made by the student.

Please visit our website to [view our FERPA policy](#).

TRANSFER OR GRANTING OF CREDIT

No life experience, credit through challenge exams, or previous training may be applied to any course.

There is no guarantee that home inspection courses can be transferred to other schools. It is the student's responsibility to confirm whether credits will be accepted by another institution of the student's choice.

As a drug and alcohol-free environment, individuals under the influence or in the possession of any controlled substance will be subject to immediate dismissal/removal. Individuals may request counseling for substance abuse and will be referred to community resources.

Smoking

There is no smoking within the schools, labs, or offices. Individuals may smoke outside. There is no smoking at the field sites.

Sexual Harassment and Hazing Policy

AHIT takes the issue of sexual harassment very seriously. Sexual harassment includes unwelcome sexual advances or offensive comments, gestures, or physical contact of a sexual nature between and/or among students and staff. Sexual harassment or harassment because of age, race, color, religion, national origin, sexual orientation, or disability, will not be tolerated. This includes any kind of intimidation or discrimination. Investigation of such concerns will be undertaken promptly and handled confidentially. Behavior that denigrates the integrity of another student (hazing) will not be tolerated. If a student or employee feels that he or she has suffered a form of discrimination or harassment, then the individual should immediately contact a supervisor or school director. Students or staff involved may be subject to dismissal or termination.

UNRESOLVED DISPUTES

Grievance Procedure

Students are expected to address any disagreements or conflict directly with the school. If the complaint cannot be resolved by management, then the student's information will be forwarded to the leadership team for review. Please allow a minimum of 3 business days to receive communication from the school. Every attempt at a satisfactory resolution will be made.

Pennsylvania Unresolved Disputes

A review of the complaint will be documented in the student file and in the Complaint Log and an attempt at a satisfactory resolution put in place. The results of the meeting will also be documented. Should the student believe the problem(s) was still not satisfactorily resolved, and then he/she may contact:

Refund method	Individuals: Credit card will be refunded. Schools/Bookstores: Refunds will be credited toward your account to be used on your next order, unless otherwise specified. Please allow up to 3-4 weeks for processing.
Damaged/defective product	Customers must notify us within 30 days to receive a return authorization letter. Customer will then have 14 days from letter date to make a return.
Return shipping cost	Customer is responsible for shipping cost to return books. In addition, customer pays for a \$2.00 'Returns Handling Fee' which will be deducted from total credit. Returning multiple units will incur a \$0.25 cents per unit fee.
Non-refundable shipping cost	Shipping is non-refundable unless, pre-authorized by customer service due to a publisher or warehouse error. If products are not shipped to the correct address provided, credit will be penalized less the shipping cost to ship products to the warehouse.

RESCHEDULING CLASS

Within five (5) business days of the date of purchase, a student may reschedule class dates at no additional cost. In the event of an extenuating circumstance, and at the discretion of the director, a student may request a one-time change to their class dates. Written notice is required two full weeks prior to the start date of scheduled class. The student will be charged a non-refundable \$150 fee, and tuition must be paid in full at the time the request is made. No requests within two weeks of the start date of class will be allowed, and a student who does not attend will forfeit their tuition.

EXPIRATION AND EXTENSIONS

Courses must be completed within 12 months of enrollment date. If you are unable to complete your course within the initial 12-month period, then you may extend your course access for a fee of \$50 per month, when allowed by the

regulatory body. Students must contact AHIT within 30 days of expiration to obtain an extension. Access to the course after 30 days from initial expiration requires re-enrollment. A discounted fee of 50% of the original purchase price will be charged.⁴

EXTENUATING CIRCUMSTANCES

In the case of extenuating circumstances, the director will consider a settlement that is reasonable and fair to the student and the school.

If the program is not commenced, or the student fails to attend by the new start date set forth in the agreement, the student will be entitled to an appropriate refund of prepaid tuition and fees within 30 days of the deadline of the new start date set forth in this agreement, determined in accordance with the school's refund policy and all applicable laws and rules concerning the Private Licensed School Act of 1986.

MULTI-STATE LICENSING

1. If a student desires to obtain a license in multiple states that require live training, then AHIT will work with each such student to determine the best schedule for the student.
2. Student will be charged 100% of the more expensive class and assessed an additional \$500 fee for each additional live class.
3. Students have six (6) months from the completion date of the first class to enroll in an additional class to take advantage of this discount. More than six (6) months after completion of the class, student will be charged full price.

CHANGES MADE BY THE SCHOOL

1. If AHIT cancels a live class (for any reason), then a student may transfer into another session of his or her choice at no expense to the student. If the student chooses to attend a session in an adjacent state or of a longer duration, then the student is required to pay any difference if the chosen class is a higher price than their original enrolled course.
 - a. AHIT is not responsible for any travel expenses (e.g., air, hotel, car rental, etc.) the student incurs.
2. If AHIT cancels a class and the student wishes to modify his or her registration from a live class to an online class, then he or she is eligible to receive the partial refund of the live class equal to the difference between the live class price and the online class price.
3. If the school is unable to make alternative arrangements that are satisfactory to the student, then the school will refund all monies paid by the student of the class, if the regulatory agency only allows live training.

NOTE: For students who are residents of, or taking live class training in, ALABAMA, ARIZONA, COLORADO, GEORGIA, KANSAS, KENTUCKY, MICHIGAN, MINNESOTA, OHIO, PENNSYLVANIA, TENNESSEE, and WISCONSIN, the state-specific Enrollment Agreement contains the applicable refund and cancellation policy. GI Bill students taking the class in WISCONSIN should follow the GI Bill refund and cancellation policy listed in the Wisconsin Enrollment Agreement

VETERANS REFUND POLICY

The non-refundable portion of registration fees will not exceed \$10.00. All other charges to the student, including tuition, books and supplies issued by the school, registration fees in the excess of \$10.00, and other fees will not exceed the pro-

rata portion of total charges that the length of the completed portion of the course bears to the total length of the course. This policy is in compliance with the requirements of 38 CFR 21.4255.
